

Dual Lock Lever Handle

DLLH 33 T

The global standard in
security hardware solutions

Dual Lock Lever Handle

DLLH 33 Series

Offers a single lever that activates both locks simultaneously in one smooth action.

The **Dual Lock Lever Handle** has been designed and developed exclusively for single lever action to open dual lock doors.

This innovative technology offers a single lever that activates both locks simultaneously in one smooth action. This overcomes the existing problem of having to use a double handed action with dual locks to open a door.

The standard DLLH-33 has been enhanced to incorporate a turn snib (DLLH-33 T) which allows the top deadbolt to be activated internally via the turn snib. This does not affect the single downward action of the handle which will release both locks simultaneously.

HIGHLIGHTING FEATURES

- Single lever for dual doors
- Activates both locks simultaneously
- Adjustable external escutcheon

KEY FEATURES

- Compatible with most quality Australian mortice locks and latches
- Heavy duty lever return spring
- Concealed fixing from outside
- Smooth lever handle operation

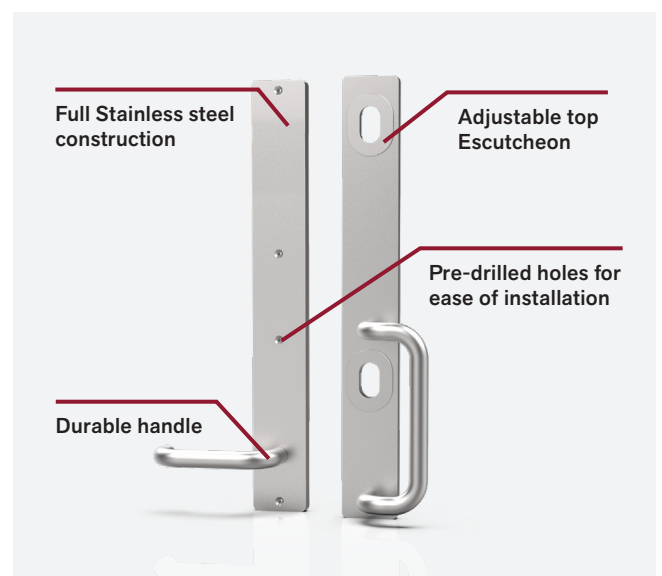

APPLICATIONS

Any door that requires dual locking such as:

- Secure Rooms
- Commercial offices
- High security buildings
- Critical infrastructure
- Airports
- Universities & Schools
- Hospitals
- Major Utilities

TECHNICAL SPECIFICATIONS

- Screws and spindles supplied to suit doors with a 42mm-50mm thickness (standard)
- Plate furniture - 390mm long x 50mm wide x 12mm deep
- Extended screws and spindles can be supplied on request
- External furniture additional

DLLH 33 - Internal Handle without Turn Snib

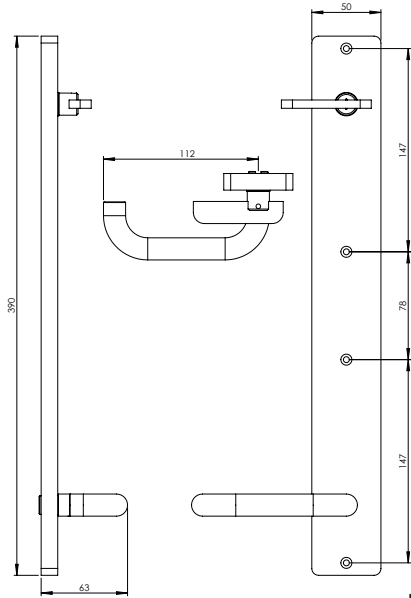

EDLLH 33 - External Handle

ASSOCIATED COMPONENTS

Lock Monitoring Box

AMSB62-10 MKII

The Lock Monitoring Box is designed to monitor lock and door status

Slimline Lock Monitoring Box

MSB62-100

The Lock Monitoring Box is designed to monitor lock and door status.

Self-Latching Lock Monitoring Box

MSB62-333

The Lock Monitoring Box is designed to monitor lock and door status.

Double Blocker Plate

AMS DLBP

Double block plate to protect from lock tampering.

HOW TO ORDER

Lockset Options	Product Finish	Product Description
DLLH33 AL DLLH33 T AL	Aluminium	Internal Lever Set
EDLLH33 AL	Aluminium	External Pull Handle
DLLH33 SS DLLH33 T SS	Stainless steel	Internal Lever Set
EDLLH33 SS	Stainless steel	External Pull Handle
DLLH33 SS Pair DLLH33 T SS Pair	Stainless steel	Internal & External Set

**The global standard
in security hardware
solutions**

We design and manufacture a range of security products that are compatible with existing lock and door furniture.
